INTERNSHIP TESTIMONIAL

Data Science and Machine Learning

Name: Hiranmayee Jena

Program: BCA, 2nd Year

Internship Platform: upSkill Campus

Organization: Uniconverge Technologies (P) Ltd.

My Internship Experience

I am happy to be part of the Data Science and Machine Learning internship through upSkill Campus and Uniconverge Technologies (P) Ltd. This internship is an opportunity for me to improve my knowledge and develop useful technical skills.

Through this learning experience, I am getting more familiar with the concepts of Data Science and Machine Learning. It also encourages me to keep learning, practise new skills, and understand how these technologies can be used to solve real-world problems.

I am thankful to upSkill Campus and Uniconverge Technologies (P) Ltd. for providing this learning opportunity. I look forward to applying the knowledge and skills I gain during my academic and professional journey.

Thank you!

Note: The assignment instructions shown on the internship portal ask learners to share a testimonial video on social media. Please check whether the upload field accepts PDF; if it specifically requires a video, upload the requested .MOV video instead.
